

# School Improvement Plan 2023 - 2024

Hall County
McEver Elementary School

#### **SCHOOL IMPROVEMENT PLAN**

# 1 General Improvement Plan Information

General Improvement Plan Information

| District                       | Hall County   |
|--------------------------------|---|
| School Name                    | McEver Elementary School                                |
| Team Lead                      | Brittney Bennett  |
| Federal Funding Options to Be  | Traditional funding (Federal funds budgeted separately) |
| Employed (SWP Schools) in this |   |
| Plan (Select all that apply)   |   |

| Fact | Factors(s) Used by District to Identify Students in Poverty (Select all that apply) |  |
|------|---|--|
| ✓    | Free/Reduced meal application   |  |
|      | Community Eligibility Program (CEP) - Direct Certification ONLY                     |  |
|      | Other (if selected, please describe below)  |  |

#### 2. SCHOOL IMPROVEMENT GOALS

# 2.1 Overarching Need # 1

#### Overarching Need

| Overarching Need as identified in | Students at McEver have historically under-performed in the area of ELA              |
|-----------------------------------|--|
| CNA Section 3.2                   |  |
| Root Cause # 1                    | We need to continue to support balanced literacy and academic vocabulary development |
|                                   | in both our English classes and Dual Immersion classes.                              |
| Goal                              | During the 2023-2024 school year, McEver will increase the percentage of students    |
|                                   | meeting Spring 2023 to Spring 2024 Projected Growth by 5% in the area of Reading     |
|                                   | (K-5th) as measure by NWEA MAP.  |

| Action Step                 | The teachers will be completing benchmarks for each academic goal-at least two times a year. The teacher and PLC team will review student work and collaborate on strategies to improve student achievement with a focus on Balanced Literacy and Academic Vocabulary-in both English classes and Dual Immersion classes . A clear protocol will be established. The protocol will include time to analyze assessments and use the results to inform instruction and improve teacher practices/student achievement. |
|-----------------------------|---|
| Funding Sources             | Title I, Part A   |
|                             | Title II, Part A  |
|                             | Title III, Part A   |
| Subgroups                   | Economically Disadvantaged  |
|                             | Foster  |
|                             | Homeless  |
|                             | English Learners  |
|                             | Migrant   |
|                             | Race / Ethnicity / Minority   |
|                             | Student with Disabilities   |
| Systems                     | Coherent Instruction  |
|                             | Effective Leadership  |

#### 3. REQUIRED QUESTIONS

#### 3.1 Stakeholders, Coordination of Activities, Serving Children, and PQ

Required Questions

1. In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders).

In May, the staff facilitated by the leadership team, began to review multiple data sources and rank the school on the the CLIP. The findings were then discussed and agreed upon. Next, in teams facilitated by members of the leadership team, the faculty began to draft the SIP. In June, the leadership team again met to share and compile. Throughout this process, members of the central office provided support and guidance. In July, copies of the plan were provided to stakeholders. In August and September the plan will be shared with parents.

2. Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.

More than 83% of the students are economically disadvantaged and 87% are ethnic minorities, so a comprehensive school improvement plan will directly address these students' needs. Currently there are no teachers teaching out of field. Fewer than 4% of the staff have taught less than four years. Additionally there are multiple staff members who speak Spanish.

3. Provide a general description of the Title I instructional program being implemented at this Title I school. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).

An instructional coach provides ongoing professional learning to staff members and episodic reduction of teacher/pupil ratio. These include but are not limited to: modeling, direct instruction to students, lesson study, facilitating PLCs, and examining student work. An additional staff member provides support in math and literacy in lower grades. The school counselor/parent liaison works as the liaison between students, families and social services.

4. If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.

NA-McEver is School-wide Title 1 School.

#### 3. REQUIRED QUESTIONS

#### 3.2 PQ, Federally Identified Schools, CTAE, Discipline

Required Questions

5. If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

Each spring, as a school system, we have a time period where the school is open for registration of incoming kindergarten students, and these students are assessed formally by our staff. This registration period is well publicized and well attended. Additionally in May, we offer two classes for parents and students to help them understand the expectations for kindergarten and their child's current level of performance. Students who already have an IEP will have a transition meeting before the school year begins. We have a bilingual parent liaison and multiple bilingual staff members who are able to assist our families whose first language is Spanish. The entire staff welcomes the students and provides them with routines and procedures to help ensure their success. This year, we will continue to have a kindergarten transition camp in July for rising kindergartners.

6. If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:Coordination with institutions of higher education, employers, and local partners; andIncreased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.

NA

7. Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.

Staff are encouraged to have administration come to the classroom when there are behavioral concerns rather than sending students to the office. There is a set of positive behavior expectations which will be implemented for all students during the 2023-2024 school year. Students with identified behavioral challenges have paraprofessionals who support them throughout the school day. A review of previous years' discipline reports does not show disparity between subgroups.
